VintageCare Limited

VintageCare Limited allows a client with a limited budget to obtain basic support each month for a fixed cost. Included are Server Monitoring and Desktop Maintenance. Server Monitoring consists of installing our monitoring agent on the server(s) and then notifying the client when there is a warning, error, or outage that is detected by our monitoring tools. VintageCare Limited also includes up to 4 hours of support. Unless otherwise directed by customer, Vintage will perform a 2 hour server maintenance checklist at the beginning of each month as well as verify and install Microsoft Patches. Server maintenance cannot be deferred for more than 2 consecutive months.

Each additional server adds 2 additional support hours that will be utilized for Server Maintenance and Patching unless otherwise directed by the customer. VintageCare Limited allows clients on a limited budget to control their monthly IT costs and set their own priorities.

Client Desktop Maintenance includes running scripts to improve performance and to reduce the probability of failures. Server Monitoring and Desktop Maintenance includes the ability of the help desk to have a remote connection to the client's network. This remote connection allows for service to occur quickly and easily.

Agents are required to be installed on all servers and systems. Please consult the IT Service Offering document for exact coverage and exclusions.

First Server	\$ 438/server/month
Additional Servers (2-5)	\$ 278/server/month

VintageCare Unlimited Network Maintenance With End User Options

The VintageCare Unlimited Network Maintenance with Client Maintenance Options requires the client to bring their network/server environment to minimum standards. This is detailed on the "Flat Rate and Unlimited Minimum Standards" page.

Once the network has been verified to have met the minimum standards, Vintage IT Services will be able to offer the VintageCare Unlimited Network Maintenance with Client Maintenance option. Unlimited remote and onsite Network Maintenance, and Server Maintenance are included. This includes servers, switches, firewalls, and other network equipment as well as monthly patches. Server maintenance checklists are completed twice per month, per server. Client options include Desktop Maintenance, Help Desk, Mobile Device Support and Onsite support.

Please consult the IT Service Offering document for exact coverage and exclusions.

In determining the amount to be charged for computer services we will consider:

- The time and effort required, the base hourly rates of the technicians involved, the novelty and complexity of the issues presented, and the skill required to perform the computer services promptly;
- The fees customarily charged in the community for similar services and the value of the services to you;
- The time constraints imposed by you as our client and other circumstances, such as an emergency situation, or substantial disruption of other office business;
- The nature and longevity of our professional relationship with you;
- The experience, reputation and expertise of the technicians performing the services;
- The extent to which office procedures and systems have produced a high quality product efficiency

Nights/Weekends/Holiday surcharge on the above rates \$ 40.00 / Hour
